**Contracts must be within the 12-month calendar year of January to December to qualify for the progressive compensation program; however, the commission rate will be calculated as settlement occurs for qualified sales. If a subsequent sale terminates for any reason, the calculated commission rate for sales written within the 12-month calendar year will adjust accordingly at closing. For example, an agent qualifies for three sales within a 12-month calendar year. The first qualified sale closes earning 2.5%. If the second sale cancels, the third sale closes earning 2.75%. The program applies to Burkentine Builders new home sale. Excludes agents/brokers representing investors or homes purchased as an investment property(s). The program may not apply to all Burkentine new home communities and or specific home(s) in a community. Restrictions may apply. See Sales Consultant for details.*
